

Freddy Welsh Defeats Willie Ritchie on Points in Twenty-Round Battle in London.

LONDON, July 8.—(Associated Press by Federal Wireless).—Freddy Welsh is the new lightweight champion of the world.

The British boxing marvel took the title away from Willie Ritchie of San Francisco in twenty rounds of fast fighting last night. The decision went on points, neither man being in much danger of a knockout in the last round.

Welsh's cleverness and speed put him in the lead early in the contest and the best that Ritchie could do was to draw up even at the sixth round. Toward the end of the fight the American seemed to be doing better but Welsh kept piling up points.

Welsh's speed and cleverness overcame Ritchie's superior ruggedness and heavier punch, and earned the Britisher the decision in yesterday's international ring meeting. There were no knockdowns during the fight, and no one was hurt. Welsh was unable to inflict punishment on Ritchie, and the latter was unable to reach Welsh with telling blows.

Welsh Starts Confident.

Freddy Welsh, fast and confident, started the fight like a winner. At the end of three rounds the battle was all in favor of Welsh. He has had every round.

At the end of six rounds honors were even, the American having battled hard to overcome his opponent's lead.

The tenth round, however, found Welsh again with the lead. His footwork at this point was dazzling and he was boxing with great speed.

The tenth to the fifteenth Ritchie did better work. He seemed to be "coming back," and he showed that he had plenty of power left behind his punches. The American contingent at the ringside was jubilant. Welsh still kept the champion going at top speed.

Further Boudier Master of Ceremonies.

Freddy Welsh, British lightweight champion, was a five to six favorite over Willie Ritchie, world's lightweight champion, for their battle for world's honors fought here last night.

Ritchie weighed in this morning at 134, while Welsh was just under the lightweight limit, set at 135 pounds.

Father Boudier, vicar of St. Michael's, Anglican, a popular and dourly priest who encourages parish athletics, acted as master of ceremonies.

HONOLULU Y. W. C. A.
TOO FAST FOR MAUI

(From Thursday Advertiser.)

Another victory was obtained at Waialua, Maui, yesterday by the Honolulu Y. W. C. A. basketball team from the Valley Island girl players. The score was as follows: At the end of the first half, Honolulu 27, Waialua 10; second half, Honolulu 30, Waialua 18. The Honolulu young women are expected to arrive here tomorrow morning by the steamer Claudine. In their matches on Maui the Y. W. C. A. players proved altogether too fast for their opponents.

Everything went the way of the Army in the three games played by the Coast Defense nine on Maui around the Fourth of July, the scores being as follows:

Coast Defense—10 runs, 15 hits, 1 error; Maui—2 runs, 6 hits, 3 errors. Coast Defense—6 runs, 12 hits, 2 errors; Maui—3 runs, 8 hits, 4 errors. Coast Defense—12 runs, 19 hits, 2 errors; Maui—7 runs, 9 hits, 6 errors.

Bal and Scores formed the Maui battery in two games and Meyer and Scores in the other. Lawson pitched two and Renowski one. Swinton catching all the way through, for the Army nine.

PARIS, June 28.—Undiscovered by his defeat on points by Jack Johnson Saturday night in a twenty-round bout for the heavyweight championship of the world, Frank Moran of Pittsburgh rested today at his camp at Mirel-on-the-Dio. Johnson also remained at his training quarters nursing a badly swollen hand. He received a number of visitors. Johnson attributed his injury to the fact that he wore for the first time, finger and glove, instead of gloves weighing five ounces.

Johnson has agreed to fight Sam Langford the middle of October. For this battle he will receive \$30,000, win, lose or draw.

The Waialua bicycle riders are endeavoring to arrange a Honolulu to Waialua road race. The country riders promise to give the visiting cyclists a good time after the race is finished.

MR. WINSLOW'S
SOOTHING SYRUP

An Old and Well Tried Remedy
© MR. WINSLOW'S SOOTHING SYRUP
has been used by millions of mothers for their children's
coughs, colds, croup, whooping cough, teething, with perfect success. It softens the gums,
relieves pain, cures colic, and is the best remedy for
all the ailments of infancy. Sold by Druggists. 25c per bottle and 50c for
Mrs. Winslow's Soothing Syrup
Used for more than three generations.

Captain Burton Training His Crew to Equal Yankee Smartness Is Also the Report.

NEW YORK, June 30.—(Associated Press Mail Special).—American yachtsmen, who are in close touch with the preparations being made by Sir Thomas Lipton for his fourth attempt to lift the America's Cup, have recently received an interesting analysis of the preliminary showing of Shamrock IV. According to this report the challenger designed by Charles Nicholson is likely to prove the most dangerous yacht ever sent across the Atlantic in quest of the famous trophy. Although the English yachting experts will not commit themselves regarding the chances of the challenger, yet the impression appears to be growing that if Shamrock IV makes the ocean trip without staining she will prove far more formidable than any of the Shamrocks or Valkyries that raced for the cup between 1893 and 1902.

As in the case with the cup defense yachts Resolute, Defender and Yankee, there will remain much to be done on Shamrock IV before she sails for America late this month. Several changes in rig and ballast have already been made and the experimenting and drilling of the crew will continue until the challenger is put under jury rig for the long voyage to the cup course. All this experimenting and improving means a similar capacity for further work with the entire approval of the English yachting experts, but when it comes to the crew and skipper the same confidence and support is lacking. In fact the command and manning of the yacht is the subject of much talk, and wide divergence of opinion. The old yachting hands, while acknowledging that Captain Burton, who is to command, is probably the best racing man in Great Britain today, do not like the idea of racing off Sandy Hook, being entirely eliminated.

No Chance for Row.

This move was doubtless decided upon to avoid the friction that occurred in 1903, owing to a sort of dual command. He will have as his assistant, however, Captain Turner, who acted in a similar capacity for the first time in the big races in English waters, and recently on Sir Thomas Lipton's twenty-three metre yacht Shamrock in English regattas. Aside from the lack of experience in America Cup races, some doubt is expressed among racing yachtsmen whether they will get as much out of the crew as would Captain Sycamore, who is better known among the men forming the crew.

A yachtsman who has had experience with each of the yachts Sir Thomas has sent across the Atlantic, expresses the opinion that one of the chief causes of failure in the past has been the lack of training of the crews of the Shamrocks. The Americans, he points out, spend weeks in getting their crews into training, and hour after hour they are put through practice of lowering and raising sails, until orders given by the captain are carried out with a quickness that is a marvel and surprise to English yachtsmen. While the Americans are practicing, he said, the British crews take life easy. The result is seen when the race is on, since quickness in carrying out orders makes the difference between success and defeat.

Drilling His Men.

That Captain Burton realizes this is shown by the fact that the Shamrock IV men are being drilled harder than any previous cup challenging crew. Those who are inclined to be pessimistic, however, contend that the real test will come when the challenger goes to sea. The Americans, they argue, have the enthusiasm in the crew necessary for to bring about the utmost speed and harmony among its individual members. They hold to the opinion that a veteran professional like Captain Sycamore can always get better results from the men before the mast than an amateur. Time alone can solve this problem, which is of far greater importance than would appear from surface indications.

GOSSIP, England, July 8.—(Associated Press by Federal Wireless).—The Shamrock IV, challenger for international yachting honors, will leave England for America, two weeks from now. The Shamrock has been dismantled, preparatory to being towed across the Atlantic to compete in the international race next September.

W. W. Harris Jr. Is Doing Fine
Swimming Stunts in Philippine Islands.

Over in Manila there is a young noble boy, born and bred in Honolulu, who is surprising all the followers of aquatic sports in the Philippine Islands. W. W. Harris Jr., the young man, and his old friends in Hawaii will be glad to hear that he is acquiring himself so well over in the Philippines.

The Manila Daily Bulletin of June 1 has a picture of "Bill." The paper goes on to say that Harris learned to swim in the "Sandwich Islands."

Still, that does not detract from the fact that Young Harris is doing wonders in Manila, and that he recently did some wonderful stunts at the swimming meet in Shanghai, China, where he went to represent the Philippines. Harris was only a small boy when he left Honolulu to join his father in Manila. He was a fast swimmer when here, and he has evidently improved a great deal since he located in the Philippine capital.

The Pala tennis players are reported to be getting ready for another tournament, and players from all over Maui are expected to compete.

Players from Other Clubs to Accompany Venice Team on Trip to Honolulu.

(Mail Special to The Advertiser.)
SAN FRANCISCO, June 29.—Fair Hawaii is much in the limelight about San Francisco at the present time, and the Paradise of the Pacific is getting no little publicity through the press, and the principal topic of conversation about the hotels, cafes, clubs and baseball headquarters, concerns Hawaii. Nearly every one the writer has come in contact with has some question to ask concerning the Islands, and nearly all of them express themselves as being one of those who hope to visit Honolulu in the near future. Albert P. Taylor, formerly of The Advertiser, is showing rare ability in keeping the public and the offices of the Hawaiian Promotion Committee are crowded nearly all the time with tourists and others making inquiries regarding trips to the Islands.

Venice Team Planned.

In baseball circles there is considerable rivalry among the team managers and the players regarding the visit of the Venice team to Honolulu next November. San Francisco expressed a desire to make the trip, and so did the Portland team. The writer had been in correspondence with the Venice team for several weeks, and the letters were given the first chance to accept the proposition of Joel G. Cohen, Manager Wallace Bray, of the Venice team, known all over the world of baseball as "Happy Hogan," affixed his name to a contract whereby he will bring fifteen members of the Venice team to Honolulu next November including the redoubtable Jack McCarty, one of the best umpires in the game today.

Big Party Coming.

Besides the members of the ball team, there are to be several of the Elks and Shriners of Los Angeles, led by Edwin R. Maier, a millionaire brewer of the southern part of the State. Mr. Maier says that he will bring his family of five with him, and Manager Hogan intends to bring his wife, mother and niece. Several of the players will bring their wives, and indications point to there being at least forty persons in the party.

Among the players so far signed to make the trip are pitcher Bill, catcher Rowdy Elliott, second baseman Leardi, third baseman Litschi and outfielders Bayless, Kane and Carlisle. All of these men are fast players, and are bound to show the fans of Honolulu some real baseball in their games against the local teams.

Pitcher Strand, of Sacramento, and Catcher Walter Schmidt, of San Francisco, also are likely to accompany the team as an extra battery to help out the Honolulu teams should the occasion arise.

Captain J. J. Bliss, who was with the last invaders to the Islands will also be in the party and will act as captain of the Venice team.

English Tennis Players Win in the Elimination Round Matches of Doubles and Singles.

FOLKSTONE, England, July 8.—(Associated Press by Federal Wireless).—In the Davis Cup international tennis tournament yesterday Belgium was eliminated from the matches when the English team defeated the Belgians in the singles and the doubles.

England meets France next in the elimination rounds, for the right to challenge America for the trophy. Germany is not competing in the Davis Cup trophy matches.

ROYAL BAKING POWDER
Absolutely Pure

ROYAL—the most celebrated of all the baking powders in the world—celebrated for its great leavening strength and purity. It makes your cakes, biscuit, bread, etc., healthful, it insures you against alum and all forms of adulteration that go with the low priced brands.

Royal Baking Powder Cook Book sent free on request. Address Box 589, Honolulu, Hawaii.

New York Nationals Beaten in Extra Frame by a Score of 4 to 2.

NEW YORK, July 9.—(Associated Press by Federal Wireless).—In the American League yesterday, Chicago won both morning and afternoon games from Boston, by scores of 4 to 2 and 5 to 4. The games were interesting, and both were close enough to make it look like a toss up as to which team would win.

At Philadelphia, the home team blanked Detroit by a score of 3 to 0. Cleveland could only score one run in New York's seven in the game played at New York.

At Washington there was a close game that was only decided in the last half of the ninth, when St. Louis with the score tied, put over the winning run and avoided the necessity for an extra inning. The final score was 6 to 5.

National League Series.

In the National League at Pittsburgh, Philadelphia beat the home team by a score of 10 to 7. It was an uninteresting game and runs were scored in nearly every inning.

Cincinnati and Brooklyn played a close game at Cincinnati, and it was not decided till the last half of the ninth, when Cincinnati came across with the winning run. The final score was 6 to 5.

Another close game was that between St. Louis and New York and the score was 4 to 3.

At Chicago, Boston and the home team fought it out for ten innings, and the result was a win for Chicago by a score of 4 to 2.

CHICAGO, July 8.—(Associated Press by Federal Wireless).—Only two games were played yesterday by the teams of the American and National League, all other contests being postponed, some on account of rain.

In the American League the Washingtons defeated the St. Louis by the score of seven to two at Washington.

In the National League, Pittsburgh won from New York, five to two, at Pittsburgh.

The standings of the National and American teams, to date, are as follows:

STANDINGS OF TEAMS.

National League.

Team	W	L	Pct
New York	41	27	.603
Chicago	39	32	.549
Pittsburgh	34	32	.515
Cincinnati	30	35	.462
St. Louis	36	38	.486
Philadelphia	32	35	.478
Brooklyn	31	35	.470
Boston	27	41	.397

American League.

Team	W	L	Pct
Philadelphia	43	28	.606
Detroit	42	35	.545
Chicago	38	33	.533
Washington	39	34	.533
Boston	39	36	.520
St. Louis	36	34	.514
New York	35	42	.452
Cleveland	24	43	.358

SAN FRANCISCO, July 9.—(Associated Press by Federal Wireless).—In the Pacific Coast League games yesterday, the leaders in the league, were beaten by Oakland by a score of 8 to 2.

San Francisco defeated Portland, after a close game, by 3 to 2. Los Angeles accounted for Sacramento, 8 to 2.

The standings of the teams, to date, are as follows:

Pacific Coast League.

Team	W	L	Pct
Venice	49	29	.577
Los Angeles	47	42	.528
Sacramento	43	45	.489
San Francisco	40	43	.482
Portland	42	48	.467
Oakland	35	52	.402

WILL FINANCE TWO NEW Y. M. C. A.'s

(Continued from page five.)

where they feel entirely at home, and trees to come, go and do as they please.

Accommodations Outgrown.

The speaker further pointed out that the present Japanese Y. M. C. A. accommodations were extremely limited and entirely outgrown. Instead of the present single room, three good sized rooms had been engaged at the corner of King and Nuuanu streets, upstairs, where accommodations would be available approximately on the first of September.

The speaker stated further that there was not a single entirely satisfactory restaurant in Honolulu, where Japanese food was available. It was proposed to establish a cafe in one of the three rooms, where good Japanese cookery could be had at minimum rates. It was proposed to furnish the rooms in a comfortable manner so as to make it attractive to young men.

Half and Half.

The estimates were that the cost of furnishing the rooms and paying all operating expenses for the next year would cost somewhat over \$3200.

It was proposed that the Japanese association itself would raise half and that the central Y. M. C. A. of Honolulu raise the other half, or say \$1600.

Status of Korean Y. M. C. A.

The Korean Y. M. C. A., said Mr. Sneider, differed from the Japanese, in that the former was composed of the leading Koreans of the city. They have a strong organization in personnel, but they are not strong enough financially to do all that is required.

The financial situation of both Japanese and Korean organizations have been thoroughly investigated by the Reverends Okamura, Frank Scudder and John Erdman, and their estimate was that if the central Y. M. C. A. would assist to the amount of \$940 to help with expenses for the coming year, it would be sufficient.

The speaker emphasized the point that the work of helping these two young organizations should not be confined to the members of the Y. M. C. A. but the community in general should consider it a privilege to be permitted to do this.

Subscription Cards.

The addresses of the speakers were cordially approved by the meeting, and the cards for securing subscriptions were immediately distributed among the members of the committee in charge of the work of raising the required \$3200.00. This committee consists of W. A. Bowen, C. G. Heiser Jr., Oliver Soares, Ernest Chase, John Martin, G. H. Tuttle, Jack Milton, Dr. A. F. Jackson, W. C. Fuller, C. J. Day, Rev. John Erdman, F. A. Edgecombe, Glenn McTaggart, W. O. Franklin, H. B. Newcombe, John Anderson, E. R. Tracy, and Geo. Waterhouse.

Among those who were present at the luncheon at the Y. M. C. A. yesterday and who took part in the meeting were Paul Super, W. R. Castle, Dr. W. C. Hobdy, Frank Atherton, Dr. S. D. Barnes, Hon. Archie Robertson, J. H. Soper, Geo. C. Potter, Dr. A. F. Jackson, A. F. Cooke, W. A. Bowen, Dr. D. Scudder, G. H. Tuttle, W. O. Franklin, Geo. Osborn, L. R. Kilham, E. O. Farm, R. J. Pratt, Rev. Okamura, J. Suzuki, W. C. Perry, F. A. Edgecombe, E. K. Elsworth, E. R. Tracy and L. A. Thurston.

Quick Action.

Although active canvassing for the fund was not to begin until this morning, the work to be done was lessened and subscriptions were booked before evening to the amount quoted, \$1041.00.

IRWIN'S GOOD WORDS TO VOTERS

(Continued from page five.)

Problems of Hawaii.

The specific problem that we, as citizens of this Territory, have to deal with are many and varied and in some respects more difficult than any other section of the Union. The United States has been described as the "melting pot of the nations," into which are cast all the nations of the world to be recast and remodeled into what is the noblest creation of God, an American citizen. Perhaps in no part of the United States is this so true as here in Hawaii, which is a blend of many races, the citizens already referred to. Practically all the races of the earth are here represented. The most of them are eligible for citizenship and the sons of all of them born here are eligible. It thus becomes our duty to educate them, by precept and example, in their duties as prospective citizens and in the high opportunities thus afforded them. We have it in our power to present to the world, and particularly to the Continental United States, a fine object lesson in the wonderful assimilative power of the citizens of this country, a powerful object lesson showing to the people of the mainland, that it is possible to educate all races in our theory of government, and that all races, occidental and oriental, may live together in peace and amity, all striving for the common good.

Let us as American citizens and as citizens of the Territory of Hawaii accept our responsibilities as such this day, in a new spirit of high endeavor and loyal patriotism and let us renew our obligations this day to "bear true faith and allegiance" toward our country. When we sing "My Country 'tis of thee, Sweet land of Liberty" let us sing that grand old anthem with a new and personal feeling of love and when we salute the "grand old flag" do so with bare heads and hearts assured that as long as the Stars and Stripes wave in the breeze there will be one corner of the earth where mankind may rest assured that there he will be entitled in the rights of life, liberty and the pursuit of happiness.

FORD MISSED NO SINGLE TRICK

(Continued from page five.)

work in Hawaii and around the Pacific, and I interested them to the extent that their committee is taking up the matter of having an annual Honolulu-Pacific banquet in Chicago, with a table for residents from each country of the Pacific in Chicago, and a speaker from each table.

I was to have talked to the "Sons of St. George" in the evening, but I have my face turned toward Waikiki, and I wished to meet the heads of the Great Northern and the Northern Pacific Railways in St. Paul, and by leaving at six in the afternoon, I got a chance to give them a good talk from nine until eleven the next morning, without interrupting my direct journey to the Pacific Coast.

May Bend Minnesota.

In St. Paul, I received a warm welcome from H. A. Noble, the general passenger agent of the Great Northern Railway, and learned from him that he was eager to send the Minnesota, a 2-8-0 locomotive, owned by the Great Northern Railway, around the Pacific by way of Honolulu, and that three years ago, the Chicago Association of Commerce had chartered the boat, and would have made the trip, but for an accident to the propeller shaft. We have agreed to take up the matter again, and with my old newspaper and business acquaintance in Chicago, I believe that we can get the Association of Commerce to take the matter up of a round-the-Pacific cruise, especially as Mr. Messer, secretary of the Chicago Y. M. C. A., and one of the speakers before the Association of Commerce, had just returned from a trip around the Pacific, representing this body, and in his name inviting the heads of the Chinese Chambers of Commerce to visit America. The two plans might be combined and a great business around the Pacific cruise inaugurated. I wonder how many of the Ad Club members could go, and how many members of our new chamber of commerce? The rates would be low, and I am to hear from Mr. Noble on this point.

Regular Tourist Service.

We also discussed the possibility of the Minnesota making regular trips to Honolulu, and thence to Manila. At present the tourists going on the Minnesota form a negligible number, and I believe that if we would co-operate with the Great Northern Railway, and work up tourist excursions from the Puget Sound country, and if the Philippine board also work with us, that we might secure this service. It is worth considering, and I hope to be permitted to put it before the chamber of commerce and the Ad Club.

Special Hawaiian Stamp.

It is some pleasure to explain to everybody as I pass through America that never do we have such warm weather in Hawaii as they are now "enjoying" in America. With the Northern Pacific officials I discussed this matter, and the possibility of a low trans-continental summer excursion rates to Hawaii. We can secure these when we have our Polynesian Olympiad in Honolulu, the plans of which are well under way, and in Washington I had it intimated to me that the government would probably, for such an event, issue a special series of stamps. The advertising feature of a two-cent Hawaiian stamp, showing a surf-board rider, and perhaps a one-cent stamp, showing our volcano, can't be overestimated. These stamps would be in demand by every stamp collector the world over, and I am going to follow the matter up.

I shall spend but a few days in the Puget Sound cities then for San Francisco, a taste with the World's Fair commissioners, and HOME.

Waialua Convention Program Includes One Day for Arguments on Need of Prohibition.

(From Wednesday Advertiser.)

The annual meeting of the Hawaiian Evangelical Association takes place at Waialua, Maui, beginning today and lasting for a week or more. Some of the Honolulu delegates left on the Claudine Monday evening, others depart on the Mauna Kea this morning, including Revs. A. A. Eberole, John W. Wadman, W. F. Ferguson, W. B. Olson, J. P. Erdman, and Theo. Richards.

One of the special features of the occasion will be a whole day, namely Friday of this week, devoted to the consideration of temperance. Two able speakers will present the subject in the morning session, emphasizing the duty of the Christian churches to prohibition. Two other prominent men will make addresses in the afternoon, to be followed by a public discussion and the distribution of literature.

Dr. Wadman is taking with him large supplies of literature in the different languages represented in the convention, as well as various exhibits. At the Opera House in the evening Dr. W. P. Ferguson will speak of the effects of intemperance upon the young. Mr. Robely of the Y. M. C. A. will relate his personal experience as a drinker. L. W. W. open-air agitator and his conversion to that of an earnest Christian worker, and Dr. Wadman will follow with a stereopticon lecture on the prohibition movement now sweeping the mainland. It is felt that much good will accrue to the temperance crusade by thus devoting a whole day to its consideration.

Upwards of three hundred and fifty delegates from all parts of the Islands are expected to be in attendance.

KORHLE DISMISSAL APPROVED.
WASHINGTON, June 23.—The final chapter in the court martial and conviction of Major Benjamin M. Korhler, Coast Artillery Corps, at Fort Terry, N. Y., several months ago on charges of improper conduct, was written today, when the President approved the sentence of dismissal. Strong influence was brought to bear on the President and the Secretary of War for clemency.
